RE: Request for Assessment Conference, Fact of Violation NOV-10073, Crandall Canyon Mine, C/015/0032

Dear Director Baza:

On behalf of Genwal Resources, Inc. we respectfully request an informal conference to review the fact of violation for notice of violation N-10073 issued on February 16, 2011 and the related deficiency letter dated February 16, 2011 ("NOV"). Genwal seeks to vacate the NOV; therefore, we ask that this fact of violation be considered separately from and prior to any proposed assessment. We would appreciate scheduling this conference as soon as possible and preferably prior to the March 16, 2011 abatement deadline.

We will provide a detailed statement of appeal once the conference has been scheduled.

Thank you for your assistance in this matter.

Very truly yours,

Denise A. Dragoo
